

Clear and transparent

We offer a straightforward and transparent commission structure which allows our Landlords to spread the payment of our commission over the duration of the tenancy. Unlike most agents our commission is deducted from the rent so that our Landlords start receiving an income for their property as soon as the tenant moves in. Rest assured, as a member of The Property Ombudsman (TPO) for lettings we subscribe to TPO's Codes of Practice. This Government approved independent redress scheme gives consumers additional protection beyond that required by law. Our clients and customers have peace of mind that there is free and fair redress available in the unlikely event of an unresolved dispute involving our agency. As regulated members of ARLA and RICS this means that any monies we hold on your behalf is insured. This gives you peace of mind and financial protection that your money will always be safe in our hands under the RICS Client Money Protection Scheme.

Under our comprehensive Premium Management Service we include all of the following within our commission rate of 18% (21.6% incl VAT).
